

Graduate School of Science, Tohoku University  
Endowed Research Laboratory of Dimensional Integrated Nanomaterials

# The 2<sup>nd</sup> International Workshop on Fundamental and Applied Research of Novel Nanocarbon Derivatives

第2回新奇ナノカーボン誘導分子系の研究に関する国際ワークショップ

## Invited Speakers

### May 29

Elenor Campbell (University of Edinburgh)  
Yutaka Matsuo (Nagoya University)  
Yoshifumi Hashikawa (Kyoto University)  
Kei Ohkubo (The University of Osaka)  
Takeshi Nakagawa (Center for High Pressure Science)

### May 30

Il Jeon (Sungkyunkwan University)  
Yuta Nakayasu (Tohoku University)  
Shinobu Aoyagi (Nagoya City University)  
Toshiki Sugai (Toho University)  
John Dennis (Xi'an Jiontong-Liverpool University)  
Yoichi Yamada (Tsukuba University)

**May 28 (Wed) ~ 30(Fri), 2025**  
Tohoku University, Sendai, Japan

## Venue : Aoba Science Hall

Science Complex C (H04), 2nd Floor  
Aobayama Campus, Tohoku University  
(6-3 Aoba, Aramaki, Aoba-ku, Sendai)

**Registration Fee : 20,000 JPY / Gr**  
(20,000 JPY / Laboratory)

## Google form for registration

Registration Deadline:  
May 16, 2025

## Timetable

May 28 18:00 ~ Welcome party  
May 29 09:00 ~ 11:45 Invited lectures (I)  
13:00 ~ 15:00 **Press Conference**  
(Press Release: Endowed Research Laboratory of  
Dimensional Integrated Nanomaterials)  
15:00 ~ 16:30 Poster Session  
16:30 ~ 17:15 Special Lecture (Elenor Campbell)  
May 30 09:30 ~ 12:05 Invited lectures (II)  
13:15 ~ 14:25 Invited lectures (III)  
14:30 ~ Free discussion

## Program

The full program is available on our website :  
<http://nano.chem.tohoku.ac.jp/>

The latest information about this event can  
also be found on this website

## Access

Access by subway : Take the subway from Sendai Station to Aobayama Station (9 mins)  
Exit at "North 1" for the Faculty of Science

## Contact

Eunsang Kwon (ekwon@tohoku.ac.jp) or Hiroshi Ueno (hiroshi.ueno.d5@tohoku.ac.jp)
